Kelowna, British Columbia, Thursday, October 25th, 1928

NUMBER 11

ANNUAL MEETING OF O.-C. TRAIL ASSOCIATION

Campaign Of Publicity To Be
Promoted Vigorously To Promote
Tourist Traffic Next Year

The annual general meeting of the Okanagan-Cariboo Trail Association took place in the Board of Trade Hall last Thursday morning, when a representative attendance of members convened to discuss activities of the Association during the past year and to outline a programme for the coming year. Reports of the Secretary-Treasurer and Field Manager were heard and adopted, and officers for the ensuing year were elected, and a general discussion took place. The meeting was attended by the following members and others interested in the work carried on by the Association: Mr. D. B. Johnstone, Kamloops; Mr. H. M. Walker, Enderby; Mr. L. J. Wood, Penticton; Mr. C. Bentley, Summerland; Mr. R. J. Vogler, Osoyoos; Mr. H. J. Kerr, Okanagan, Wash.; Mr. S. W. Lewis, Portland, Oregon; Messrs. Harry Chapin, T. G. Norris, E. M. Carruthers, Sam Elliott, and J. B. Knowles, Kelowna.

Address By President
President D. B. Johnstone occupied the chair, and in calling the meeting to order he said that the work of the Association had been considerably handicapped during the year owing to the unfavourable condition of roads which had been caused by flood conditions, and because of the inaccurate information relating to the condition of roads which had been broadcast throughout the country by information bureaus. The propaganda spread by various independent publicity men had been disastrous and had resulted in minimizing travel over the trail. It was necessary for the Association to take immediate steps to counteract this. Roads had been bad, but not impassable. Highways in the Kamloops district had been put in good shape early in the season but heavy traffic had ravaged them. The Provincial Government could help by applying oil and surface treatment to the primary highways. The road between Lytton and Spence's Bridge had been completed, which had shortened the route to Vancouver to the extent of forty-seven miles. Another notable accomplishment of the organization had been the success of negotiations with the Auto Club of Alberta which had resulted in the routing of tourists to the Coast via Kamloops. In the past, maps have shown other routes.

Continuing, President Johnstone thought that the time had come for the Association to extend its efforts. Representation at or near Vancouver had become a necessity, as an agency was needed to counter the influence directed against the organization and its work.

Speaking of the financial aspect of the Association's activities, President Johnstone said that over \$25,000 goes out of the Trail territory to support Coast organizations which do not give this part of the country anything like adequate service in return. On account of this the O.-C.T.A. did not receive the financial support which the work it does for the towns rightly deserves.

Report Of Field Manager
The report of the Field Manager, Mr. L. J. Wood, was then submitted, the full text of which is appended. Following the reading of his report, Mr. Wood exhibited copies of advertisements and articles which had been published in various magazines. He said that the literature sent out by the Association had been favourably received, and he cited an actual case wherein a party of tourists had travelled the Trail as a direct result of the publicity work carried on. A request had been received from the Cunard Steamship Line for copies of the booklet published by the O.-C.T.A.

Report Of Secretary-Treasurer
The report of the Secretary-Treasurer, Mr. H. M. Walker, showed that receipts for the past year amounted to \$5,411.32 as against expenditures amounting to \$5,353.20, leaving a balance in the bank of \$59.12. The Field Manager's salary had not been paid in full, otherwise the Association had no outstanding liabilities. There were amounts due on quotas from Trail towns yet unpaid which would be sufficient to take care of the balance of salary due Mr. Wood.

General discussion followed the reading of the two reports. Mr. S. W. Lewis, representing the Pacific Northwest magazine, stated that in at least two or three Trail towns some person is presenting himself as a collector for the Association and collecting money ostensibly for the Okanagan-Cariboo Trail Association, but no money had been received from these towns by the organization nor had anyone been authorized to collect money from them.

Following the adoption of both reports, President Johnstone said that would be the duty of the incoming officers to investigate the matter of subscriptions. A warning should be sent out to the various towns stating that unauthorized representatives were attempting to secure money from them under false pretences.

Election Of Officers
The following officers were elected for the coming year: President, Mr. R. J. Vogler; Vice-President, Mr. H. M. Walker; Secretary-Treasurer, Mr. Harry J. Kerr, President of the First National Bank of Okanagan; Finance Committee: Messrs. Vogler, Walker,

HOSPITAL WEEK PRODUCTIVE OF MANY GIFTS

Equipment Of Local Institution Replenished By Success Of Campaign
And Liberality Of Public

Due to the success of Hospital Week and the shower of donations on the last two days, Friday and Saturday, which was made possible through the co-operation of Kelowna merchants, the public and the Empress Theatre, the Kelowna Hospital has benefited by the addition of a considerable quantity of useful equipment. The Kelowna Hospital Ladies' Aid wish to express their appreciation to all who assisted in the success of the campaign, particularly Manager Maddin, of the Empress Theatre, who originated and promoted the idea.

The method employed by the Kelowna Hospital to secure public donations has been commented upon elsewhere. The Merritt Herald, in an editorial last week, outlined the plan followed by Kelowna, which was of particular interest to Merritt because of the fact that a Donation Day has been planned for their local hospital.

The Kelowna Hospital Ladies' Aid wish to acknowledge, through the columns of The Courier, receipt of the following donations:

Mrs. Kincaid, 1 pair bath towels; Mr. J. Ball, 1 pair bath towels; Miss B. Wilson, 1 pair bath towels; Mrs. McCallan, 1 pair bath towels; Mrs. J. Perry, 1 pair bath towels; Mrs. Stiel, china tea set; Jernan Hunt, 6 pillow cases; Mrs. D. Macfarlane, 1 pair pillow cases; Mrs. Gaddes, 2 pks. cheesecloth, 2 pairs bath towels; Mrs. H. V. Craig, 10 linen tray cloths; Mrs. Haug, 1 pair sheets; Mr. F. Fridham, 1 dozen pillow cases; Mrs. A. M. McKinnon, 1 pair pillow cases; Mr. D. Campbell, 2 pillow cases; Miss M. Kincaid, 1 pair pillow cases; Mr. E. A. Hill, 1 linen table cover; Mrs. Winter, rubber sheeting, 2 hot water bottles, 1 ice bag; Mrs. L. Hayes, 2 pairs bath towels; Mrs. J. W. Jones, 7 wash cloths, 6 tray cloths; Mr. and Mrs. MacLaren, 1 bolt sheeting; Mrs. F. A. Taylor, 1 linen tea cloth; Mrs. Meikle, 6 pillow cases; Mrs. W. E. Adams, 1 pair sheets; Mrs. McKinnon, 2 tray cloths, 2 bath towels; Mrs. E. M. Carruthers, 1 dozen gauze dusters; Mrs. T. Anderson, 4 sheets, 6 pillow slips; Mrs. Young, 6 face cloths; Mrs. Simpson, 1 hot water bottle; Mrs. J. H. Moore, 3 bath towels; Mrs. W. R. French, 12 face cloths, 6 boxes soap; Mrs. D. Lloyd-Jones, 1 pair towels; Mrs. M. Metcalfe, 1 hot water bottle; Mrs. McKinnon, 6 cakes soap, 4 wash cloths.

Anonymous contributions: 2 linen tray cloths; 1 hot water bottle; 1 pair sheets; 20 wash cloths; 8 pairs bath towels; 2 pillow cases.

Kerr and G. Blackwell, Literary Committee: Messrs. Walker, Kerr and Wood.

The new president took the chair and during a discussion of future policies it was pointed out that it was essential at this time that the activities of the Association be carried on vigorously. Mr. J. B. Knowles remarked that right now it was "tough going," but in a few years things would be cumulative.

Mr. Walker said that it was necessary to impress upon the people of the Trail towns that every dollar sent to support Coast organizations weakened their own organization, and their own organization was able to do far more for them, dollar for dollar, than any outside concern could do.

Mr. Blackwell pointed out that the Association had completed its 1928 season in a much better financial condition than in 1927, and that the results achieved were considerably better than might have been expected, considering the conditions which existed.

Campaign Outlined For Ensuing Year
At the conclusion of the general meeting the executive officers and special committees met to consider tentative plans for the ensuing year. It was decided to continue publication of the special sixteen-page booklets, which contain maps and illustrations, as they had been found particularly useful for long hauls. These will be revised and brought up to date and the road logs, which proved so popular during the past season, will also undergo revision. The literature will be distributed through the Association's various connections with information bureaus, etc., which number over 1,100, and the people of the Trail towns will be invited to apply for this literature for the purpose of mailing it to their friends.

Arrangements will be made for a very thorough distribution of literature and road information at the Coast and the personal letter campaign will again be staged and follow-up letters sent to prospective tourists. The newspaper and magazine publicity campaign will be continued and it is probable that connections will be made with a number of additional newspapers. The use of radio for broadcasting road reports will also be considered.

On behalf of the Kelowna Board of Trade, Mr. Sam Elliott extended an invitation to all visiting members of the Okanagan-Cariboo Trail Association to attend a banquet at the Palace Hotel in the evening, at which an opportunity would be afforded to discuss the work of the O.-C.T.A. with delegates from the different valley towns, who were convening at Kelowna on the same day to consider revival of the Associated Boards of Trade. An account of the banquet appears elsewhere in this issue.

(Continued on Page 4)

CAPTIVE FRENCH AIRMEN OBTAIN THEIR RELEASE

PARIS, Oct. 25.—Two French air mail pilots, Serre and Reine, who were captured by wild tribesmen three months ago when they made a forced landing in the wild Rio d'Oro region of Spanish Africa, are safe today. Engine trouble forced them down in the wild country as they were flying towards Dakar, Senegal, with mail for South Africa. They were seized by the tribesmen, who demanded an exorbitant ransom of one million pesetas (about \$100,000). Other tribes, learning of the affair, rushed up and fought over the two captives. The terms on which their release was finally effected have not been announced.

PRINCE OF WALES SHOOTS BIG ELEPHANT

LONDON, Oct. 25.—The Prince of Wales has demonstrated his prowess as a big game hunter. A copyrighted Central News dispatch from Kampala, Africa, today states that the Prince has shot a fine elephant near Kigaya, whose tusks weighed sixty-five pounds.

PRODUCE CAN MOVE ONLY WHEN SOLD

Committee Of Direction Maintains
Powers Conferred By Provincial
Statute

Kelowna, October 24, 1928.
Two weeks ago the Committee published a brief statement regarding the cases under the Produce Marketing Act which are now pending in the Appeal Court. As then stated, arrangements are being made to bring before the same Court two friendly test cases, for infractions of the Act and of the Regulations of the Interior Committee of Direction. Decisions may not be given for another month or so. Meantime, nothing has happened which has taken away from the authority of the Committee. If it has evidence of any infractions of the Act or of its regulations, actions will be started against the offenders without delay.

It should be noted that there is no question, apparently, in the mind of the two judges of the Supreme Court who have heard the two cases already as to the validity of the Produce Marketing Act or to the right of the Committee to act such a statute as the Produce Marketing Act or to control the movement of fruit and produce within the boundaries of the Province. The only question raised is with respect to shipments outside. The Committee will maintain in the Courts that it has the right, under the law, to say that fruit and produce shall not move except under contract of sale and at a firm price. The actual words of the Statute are:

"Sec. 10.—A Committee shall, so far as the legislative power of the Province extends, have power (s.s. e.) either generally or in a particular case to order that any such product shall not be marketed except under contract of purchase and at a firm price."

The General Regulations of the Committee, which are furnished to every licence holder, contain that general order.

INTERIOR TREE FRUIT AND VEGETABLE COMMITTEE DIRECTION.

FIRST AMERICAN WOMAN TO BE DIRIGIBLE PASSENGER

NEW YORK, Oct. 25.—The first U.S. woman to cross the Atlantic by dirigible will be Mrs. Clara Anams, of Tannersville, Pa. She was accepted today as a passenger on the return flight to Germany of the Graf Zeppelin.

CREW OF WRECKED STEAMER ALL SAFE

MONTREAL, Oct. 25.—All the crew of the steamer Cairntorr, ashore near Cape Whittle, on the north shore of the Gulf of St. Lawrence, were accounted for today when Furness, Withy & Son, Ltd., received a telegram from Wolfe Cove, Que., stating that the mate's boat with twenty-two men on board had landed there.

SIR HERBERT HOLT IS HOSPITAL PATIENT

MONTREAL, Oct. 25.—Sir Herbert Holt, President of the Royal Bank of Canada, has entered the Royal Victoria Hospital with an ailment which, it is said, is not serious.

SCOTTISH RAILWAY WRECK KILLS FOUR TRAINMEN

LONDON, Oct. 25.—Two engineers and two trainmen were killed today when the speeding London-Aberdeen express, drawn by two powerful locomotives, collided with a freight train near Lockerbie, Scotland. Two engines were derailed and rolled down an embankment. Three passengers were slightly injured.

SON OF B. C. COUNTY COURT JUDGE DROWNS

SARNIA, Ont., Oct. 25.—Clifford Brown, aged 21, son of County Court Judge Brown, of Grand Forks, was found dead in a motor car on the shore of Lake Michigan, Ont., yesterday, according to word received here.

BIG INCREASE IN POPULATION OF KELOWNA

Provincial Census Shows 4,313 Persons
In City, Exclusive Of Transient
Population

The results of the census of Kelowna, recently taken by Wrigley Directories, Ltd., under the auspices of the Provincial Government, are now available, revealing the huge increase of 71.1 per cent the population as compared with the Dominion census of 1921.

The respective figures are: 1921, 2,520; 1928, 4,313; increase, 1,793. The municipal census taken by High School pupils two years ago gave a total of 3,640.

Under the system of enumeration adopted by Wrigley Directories, Ltd., transients not domiciled in Kelowna were not counted. Owing to the large number of temporary residents now engaged in the packing houses and canneries, the actual population of the city at the present time must be nearly five thousand.

The increase in the permanent population is very gratifying, showing a steady growth that marks Kelowna as possibly the most progressive community in the interior of the province. It is all the more satisfactory in that there has been no boom during the past seven years but constant and substantial development which shows no signs of cessation.

DEHYDRATOR DESTROYED BY FIRE

Premises And Plant Of Bulmans, Ltd.,
At Vernon, Total Loss In Fierce
Blaze Yesterday

An outbreak of fire shortly before nine o'clock yesterday morning swept with extraordinary rapidity through the dehydrating factory of Bulmans, Ltd., at Vernon, and speedily reduced it to ruins, despite the strenuous efforts of the Vernon Fire Brigade to cope with the blaze.

Nearly a hundred employees were at work within the building at the time, all of whom made their escape without accident.

In addition to the building and valuable plant, about 120,000 pounds of dehydrated apples, just processed, was burned, a carload that was ready for shipping being moved to safety. Little was saved other than office equipment. It is understood that the total loss may run as high as \$125,000, partially covered by insurance.

The dehydrator was a local enterprise, principally owned by Mr. Thos. Bulman, of Ellison, and his son, and filled a most useful purpose in handling fruit that otherwise would be wasted, while it was also a source of employment to many people. After overcoming initial disadvantages, due to Eastern competition and to discriminatory freight rates, the project seemed in a fair way to achieve success, as its products were of high quality and were commanding an increasing demand. It is hoped, therefore, that it will be found possible to rebuild the factory.

The heartfelt sympathy of the Kelowna district goes out to Mr. Bulman and his associates in their misfortune and to Vernon in the loss of such a valuable and promising industry, whose cessation, it is earnestly hoped, may only be temporary.

PRAIRIE FARM FIRES COST THREE LIVES

SASKATOON, Oct. 25.—Three persons have perished and a number of animals have been burned to death, while there has been considerable property damage, in an epidemic of disastrous farm fires in districts north-west of Saskatoon during the past forty-eight hours. The lives lost were those of Mr. and Mrs. W. A. Heath and their seven-year-old son, who were burned to death.

TRANSCONTINENTAL PLANE MAKES GOOD PROGRESS

ALBUQUERQUE, N.M., Oct. 25.—The Vega monoplane "Yoke Doodle," on a non-stop flight from New York to Los Angeles, passed over Albuquerque at 9:10 (Mountain Time) this morning.

CRAZY POLISH PEASANT KILLS SEVEN PEOPLE

WARSAW, Oct. 25.—A peasant ran amok in the village of Smidy, in Molvania on Wednesday, killing seven persons, including two policemen, with a bayonet. He wounded five others before being disarmed.

According to an unofficial report received at time of going to press, two men were arrested at Vernon this morning in connection with a suspected case of homicide. Human blood and other evidence of tragedy was found yesterday in a C.N.R. refrigerator car between Armstrong and Vernon. The suspects are detained pending investigation.

B.C. HENS WIN HONOURS IN CANADIAN CONTEST

OTTAWA, Oct. 25.—Fourteen hundred hens have just completed fifty-one weeks laying in the Canadian and Ontario laying contests at the Experimental Farm here. Premier honours in the Canadian contest go to a pen of White Leghorns owned by T. H. Hayward, of Langford, B.C., ten hens laying 2,374 eggs for a total of 2,329.4 points. W. Bradley, owner of the second pen, also White Leghorns, likewise comes from Langford. His birds laid 2,265 eggs and secured 2,220.5 points.

Eight hundred birds in the Canadian contest laid 131,999 eggs in fifty-one weeks, which now constitutes the contest year.

The individual honours went to a Barred Rock hen, the property of Miss Brown, of New Westminster. This bird, known officially as "C.L.C.I. 132," laid 254 eggs for 308.4 points.

The leading heavy breed pen was entered by J. Burgess, of Qualicum Beach, B.C., Rhode Island Reds which laid 2,085 eggs and scored 2,016 points.

MOVEMENT OF APPLES FAR FROM SLOW

Besides Bulk Shipments, Prairie
Provinces Have Absorbed Nearly
Million Boxes So Far

Kelowna, October 24, 1928.
There has been a feeling abroad recently that the movement of apples to the prairies has been somewhat slower than is desirable.

Out of a total movement during 1928, to date, of all varieties of apples 1,300,000 boxes have been shipped to Canada. Of these the Prairie Provinces, so far, have absorbed, in round figures, 930,000 boxes, plus some 1,337 tons bulk. It appears, therefore, that the Great West has not been unresponsive to the claims of our fruit. Up to the 19th inst., it had taken 460,200 boxes of McIntosh apples alone since their opening date on September 17th. This means that the consumption, if figured in single apples, is tremendous. If we take a box as averaging 125 apples, then over 58,000,000 McIntosh apples have been distributed for consumption in a population of about 2,000,000 men, women and children. Thus, it will be seen that normal consumption can hardly lay said to have overtaken the McIntosh supplies on hand, and that this may have something to do with the quieter condition of the market.

So far, the Committee has no knowledge of fall or winter apples from the U.S. arriving in Western Canada, other than one car which is reported as having gone into Winnipeg.

European Markets For U.S. Fruit
The following extract from "Marketing Activities" shows how the United States continue to look for new markets for their fruits:—

"A study of existing and prospective European markets for American fruits and arrangements for securing more frequent and more inclusive market and crop reports on fruits in Europe have been initiated by the Bureau of Agricultural Economics, Washington, D.C."

"The study will be extended to the fruit producing areas in southern Europe, particularly Yugoslavia, France, Italy and Spain, to determine the competition which the American co-operative associations, as well as other marketing agencies, may expect in the future. Mr. Newhouse will be abroad for about six months, during which time he will endeavour also to arrange for more frequent and perhaps more inclusive market and crop reports as they pertain to fruits in Europe. The bureau's programme has been arranged in response to the demands from co-operative and other marketing agencies for foreign information on fruits."

INTERIOR TREE FRUIT AND VEGETABLE COMMITTEE OF DIRECTION.

FIVE MEN INJURED AT NORANDA SMELTER

TORONTO, Oct. 25.—Five men were injured when an outbreak of fire and a series of explosions damaged the coal pulverizing plant of the Noranda smelter at Rouyn, Que., yesterday. The fire broke out at 10 o'clock yesterday morning, and repeated explosions renewed the blaze several times before it was brought under control.

CLAIMS TO HAVE OVERCOME LAW OF GRAVITY

LONDON, Oct. 25.—R. H. Tate, a young scientist of West Hartlepool, declared today he had made a discovery enabling him to overcome the law of gravity. This takes the form of a mysterious new metal, a plate of which floats in the air when placed above a plate of similar material lying on the floor.

Basketball will be in full swing at Salmon Arm on Friday, when the first games under the new schedule will be played. From the enthusiasm so far displayed this should be one of the best basketball seasons the community has ever had, and with the importation of some crack outside teams much greater interest is expected from the general public.

At a recent meeting of the Courtenay City Council it was decided to have a census of the city taken this year.

VISITORS ARE ENTERTAINED AT BANQUET

Delegates To Meetings Held On
Thursday Are Guests At Pleasant
Evening Function

A banquet was served at the Palace Hotel on Thursday evening at 7 o'clock in honour of visiting members of the Okanagan-Cariboo Trail Association and out-of-town representatives who gathered at Kelowna for the purpose of discussing the proposed revival of the Associated Boards of Trade. As both meetings were held on Thursday, the Kelowna Board of Trade organized the banquet for the entertainment of the visitors and for the purpose of further discussion of the work carried on by the O.-C. Trail Association.

Mr. T. G. Norris presided at the banquet. Following an excellent dinner to which justice was done by all, Mr. Norris rose and welcomed the visitors, several of whom had come from across the international boundary to the "comet" at Kelowna. He spoke of the friendly spirit which pervaded two great nations, and called upon Mr. H. J. Kerr, President of the First National Bank of Okanagan, Wash., for a few remarks.

Mr. Kerr responded in a jovial mood, but his remarks carried appreciation of the hospitality extended to him by Kelowna. He said that this was the first banquet he had attended in Canada.

Mr. H. M. Walker, editor of the Okanagan Commoner, Enderby, was next called upon, and in a few well phrased remarks he paid tribute to Mr. Charles Blackwell, of Okanagan, for his splendid work in putting the O.-C.T.A. on the map in the beginning. Mr. Blackwell had been the first president of the Association and it was he who saw the possibilities of such an organization. It had resulted in an intermingling of peoples which had worked for great good.

Mr. Charles Blackwell was the next speaker. He said that the work of the O.-C.T.A. had been largely instrumental in the reciprocation of tourists between the United States and Canada, and that those south of the line had been delighted with the Okanagan Valley. Comparing the cost of the work carried on by the Okanagan-Cariboo Trail Association with that of the wonderful highways which had been built in and around Rainier National Park in western Washington, Mr. Blackwell said that only \$1,000,000 had been expended during the course of the Park highways. On the other hand, a comparatively large number of cars had travelled over the O.-C. Trail at the small cost of approximately fifty cents per car. The Association was doing a great work with little money, and he hoped to see it carry on indefinitely.

Mr. H. Pout, President of the Vernon Board of Trade, touched on the purpose of revival of the Associated Boards of Trade, which, he said, would be instrumental in bringing the towns of the Okanagan closer together. Its revival was actuated by the spirit of co-operation, and it could accomplish much for the Interior of B.C. With regard to the O.-C.T.A., Mr. Blackwell had said during the course of his remarks that each year there were more and more U.S. tourists visiting the Okanagan, and vice versa. This was a good thing as it enabled one to get the viewpoint of the other, and worked to the advantage of both.

Mr. R. J. Vogler, of Osoyoos, Wash., newly elected president of the O.-C.T.A., was requested to address the gathering. Mr. Vogler thought it sufficient to say that he would do all in his power to fulfil the duties of his office, and he was pleased to move a vote of thanks to the Kelowna Board of Trade for their hospitality, with which expression of appreciation the visitors were in hearty accord.

Mr. J. W. Jones, M.L.A., spoke on the highways of the province, saying that there were now 20,000 miles of road in B.C. It was the intention of the government to keep these roads in good condition and to build more. He had a suggestion to make to the O.-C.T.A., which was to advocate week-end trips in their advertising, as the extent of tourist traffic had been far from satisfactory. He was interested in roads as he travelled a great part of the time, and he would do all in his power to assist in making the highways better for travelling.

Mr. Blackwell had a few words to say regarding road building. He said that in some parts of Washington, particularly in the Spokane section, roads had been constructed of oil and crushed rock and to date, they had proved far more satisfactory than roads built from other materials. This method might be worth trying in the Okanagan.

Mr. S. W. Lewis, of Portland, Oregon, said that the O.-C.T.A. would benefit by including in their advertising a summary of the fishing law of B.C. He said that many tourists with the belief that it was necessary to obtain a licence at a cost of \$50 for the privilege of fishing in B.C. This point should be cleared up in future advertising.

Mr. H. F. Rees, the last speaker, said that winter had one distinct advantage in that it brought to Kelowna members of the Okanagan-Cariboo Trail Association. He had motored over the Trail one year and he had found the trip one of delight. At Spokane there had been many enquiries regarding proposed trips over the Okanagan-Cariboo Trail, which augured well for its popularity. It would not do to overlook the fact that advertising should be informative.

BOARD OF TRADE ORGANIZATION FOR OKANAGAN

Preliminary Meeting Here Unanimously
Favours Resuscitation Of Assoc-
iated Body For Valley

Revival of the Associated Boards of Trade of the Okanagan Valley will probably be brought about as the result of an informal meeting held at the Kelowna Club last Thursday afternoon, which was attended by representatives from Vernon, Summerland, Enderby and Kelowna, and an unofficial representative from Kamloops. The Penticton Board of Trade was unable to send representatives owing to pressure of business on the date set for the meeting, and as a consequence reorganization proceedings could not be begun. It was felt that more thorough representation was required of the different towns in the valley before initial steps could be taken for the revival of the Associated Boards.

It is notable that not a dissenting voice was raised to the proposal of revivification, it being unanimously agreed that only through complete and whole-hearted union could the towns and districts of the Okanagan further interests common to all. With this object in view, the meeting placed itself on record as being in favour of an immediate revival of the Associated Boards of Trade, and it was resolved to approach the Penticton board at once with the idea of arranging a meeting at Penticton of all the local boards of the valley at a date satisfactory to them. A delegation of not less than two members from each of the local boards will be requested, in order that all districts may be adequately represented. Mr. E. W. Barton, Secretary of the Kelowna Board of Trade, has been instructed to communicate with Penticton.

Mr. T. G. Norris acted as chairman. Calling the meeting to order, he said that the Associated Boards of Trade of the valley had been revived in 1923, but interest had waned following its revival and had "fallen by the wayside." Today, ultra-keen competition in the various valley towns had led to misunderstandings which only closer relationship could clear up. Revival of the Associated Boards would serve a dual purpose; it would tend to lessen bitterness of feeling between towns and cities and it would serve as a medium through which to voice the wishes of the entire valley. By working in unity, great good could be accomplished.

Speaking for Kelowna, Mr. Norris was glad to say that this city was ready to fall in line and do all in its power to cooperate with the others for the good of the valley as a whole. In no other way except through organization could the valley benefit to a just degree; for all purposes a united whole was far more effective than individual endeavour. The chairman voiced the danger of over-organizing, often characteristic of organized bodies and generally fatal to the life of the body itself. This could easily be overcome by not holding too many meetings and thereby avoiding needless waste of time; meetings should be called only when there was actual business to be discussed, otherwise lack of interest quickly diminished regular attendance. If the organization was to be one of assistance and real usefulness, it must deal with matters of vital interest to all.

Vernon Supports Proposal
Mr. H. Pout, President of the Vernon Board of Trade, said that the chairman had covered the general idea of the get-together. Differences were bound to arise in valley communities so long as a medium for the promotion of cooperation was lacking. He thought that Kelowna, Vernon and Penticton harboured no real bitter feelings with regard to one another, but a basis of understanding was necessary and that could be reached through cooperation for the mutual benefit of each community, which could be brought about by revival of the Associated Boards of Trade.

Referring to the anti-dumping clause in the Customs Act, Mr. Pout said that it affected the fruit industry today to the extent that it was impossible for the fruit grower to make a living with his "eggs all in one basket." Possibilities for added revenue lay in dairying, hog raising, etc., and this phase was well worth investigating. Dairying was quite strong in the north end of the valley, but was weak in the south end. A centralized Board of Trade could render great assistance in the development of the dairying industry and in the promotion of hog raising by bringing pressure to bear upon the Dominion Government. This, of course, should be a matter for open discussion at a future meeting.

Mr. C. Bentley, Summerland, said that his constituency had been required to pay big fees to the Association in the past, and he thought that the valley could get good results through the formation of a committee to look after its problems. Vernon alone had done good work in relation to anti-dumping legislation.

Mr. Pout replied that nothing could equal in effect an Associated Board that would have power to act for all. Members of the Associated Boards would deal with problems with which they were confronted, and in some cases all boards could be consulted. The organized body, however, must be vested with authority to act when vital questions arise. A representative committee of men, in whom was placed the utmost confidence, would have power to act in emergencies.

BOY SCOUT COLUMN

1st Kelowna Troop

Troop First! Self Last!

Edited by "Pioneer"

October 23rd, 1928.
Orders for week ending November 1, 1928:

Duties: Orderly Patrol for week, Cougars; next for duty, Foxes. Rallies: The Troop will rally at the Scout Hall on Monday, the 29th inst., and the regular basketball practices will be held on the Friday previous, commencing at 4 p.m.

Recent tests passed have been the Second Class Ambulance, by P.L. Harry Anderson, on the 16th inst., and the Points of the Compass, by Acting Second Jim Stuart, on the 17th inst. The above test completed the Second Class Badge work for Harry Anderson, who is therefore confirmed in his rank of Patrol Leader. Herbert Aitken completed his similar badge tests on the 12th inst., and is also confirmed in the same rank. Their work also added 40 points each to their respective Patrol standings of the Beavers and Cougars. For attendance, neatness and conduct at the rally last night and church attendance on the Sunday previous the points earned were as follows: Cougars, 75; Lynx and Eagles, 68; Beavers, 54; Otters, 50; Foxes, 41; Wolves, 38; Owls, 33. The Lynx and Beavers each won five points for winning games but the Beavers lost theirs again for making much noise during the "freeze" period, and the Otters lost two points for the same reason and a further five for being late to fall in. With the addition of the above points, the standing leaves the patrols in the same order as last week with the exception of the Eagles and Beavers, who have again changed places, the Beavers replacing the former for third place. The Cougars have also crept up to within 50 points of the Lynx. The figures are: Lynx, 410; Cougars, 360; Beavers, 313; Eagles, 300; Wolves, 251; Foxes, 246; Otters, 242; Owls, 157.

There are two things which we are mentioning here and which we cannot do so with pride. The first is in connection with church attendance, of which we have only just recently begun to keep a record. Last Sunday out of a possible 49 only nine Scouts attended their church service. The next time we mention these figures we do hope that they will have changed to something like 40 (instead of 9) out of 49. The other is that on the first of this month there were \$218.25 owing in fees and subscriptions from the present members of the Troop. Since then this figure has been reduced by \$9.00, and as to this we hope that the next time we mention it there will also be a big change the right way. We hope too that the Troop Secretary, to be appointed, will be able to get out and put up a statement in the Hall each month.

We wish to thank Miss Kathleen Judge for the welcome addition of two more books to our library, "Knapsack" by Robert Louis Stevenson, and "A King on Wheels" by Ian Hay. Next year there is to be another international "Jamboree" of Scouts from the world over. It is expected that there will be 30,000 Scouts in camp at Birkenhead, England, where the great event is to take place. Canadian Scouts will be glad to know that this time their country is to be officially represented.

GIRL GUIDE NOTES

The orderly patrol for next week is the Swallow Patrol and the Shamrock Patrol will play basketball next week.

There are now five full patrols and, as there are quite a few girls that want to join the Guides but cannot because we have a full company, every one will please come regularly.

Don't forget Phyllis Cook's recital on November 5th, at the Empress Theatre.

The firm of L. H. Rawlings and Perry Leake, Nakusp, received recently the contract for the construction of the new Dominion Government control dam at Pentiction. The amount of the successful bid is given as \$27,900, according to an announcement in the Pentiction Herald. The dam at the mouth of the Okanagan River will comprise a main wing 111 feet in length, with an up-stream slope of two to one and a down-stream slope of three to one. In addition to this work, \$18,000 will be spent on river dredging, including the purchase of a crawler excavator.

RUPTURE EXPERT HERE

F. H. Seeley, of Chicago and Philadelphia, nationally famous expert, will himself personally be at the Vancouver Hotel, and will remain in Vancouver this Tuesday, Wednesday, Thursday, Friday, Saturday and Sunday, Oct. 30 to Nov. 4, inclusive, from 9 a.m. to 5 p.m. daily. Mr. Seeley says: "The Supreme Shield will not only retain any case of rupture perfectly, but contracts the opening in 10 days on the average case. Being a vast advancement over all former methods—exemplifying instantaneous effects immediately appreciable and withstanding any strain or position no matter the size or location. Large, difficult cases, or incisional ruptures (following operations) specially solicited. This instrument received the only award in England and in Spain, producing results without surgery, injections, medical treatments or prescriptions, with distinguished personal patrons of all nations. "His method has always been most satisfactory."—Late Dr. Edward Shippen, former Medical Director, U.S. Navy. This instrument is the same as supplied to Surg. Gen. Bureau, U.S. Naval Hospital—Penn. R. R., Etc., Etc. He will be glad to demonstrate without charge or fit them if desired. Business demands prevents stopping at any other place in this section.

N.B.—Every statement in this notice has been verified before the Federal and State Courts.—F. H. SEELEY.
CAUTION—All cases should be cautioned against the use of any elastic or web truss with undertraps, as same tend to where the lump is and not where the opening is, often resulting in strangulation.
Home Office, 117 N. Dearborn St., Chicago, Ill.

FOR RADIO AMATEURS

N.B.C. Programme For The Week Of October 28 to November 3

(N.B.—In addition to the programmes of the National Broadcasting Company, a few KGO items are given, which are denoted by the initials of the latter station. The N.B.C. broadcasts are made through six stations on the Pacific Coast, as well as in the Eastern and Central States, but not all the stations broadcast the same matter simultaneously, as some occasionally substitute a programme of their own. When reception is poor from the first station tuned in, try the others, but do not be disappointed if you fail to receive the N.B.C. programme from some of them. The six stations are as follows: K.M.O., Seattle; K.H.Q., Spokane; K.G.W., Portland; K.G.O., Oakland; K.P.O., San Francisco; K.F.I., Los Angeles.)

Sunday, October 28

1.30 to 2 p.m.—"Peerless Reproductions."
3 to 4.30 p.m.—Sunday afternoon concert.

7.30 to 8 p.m.—"Whittall Anglo-Peruvian."

Orchestra: "Call of the Desert," "The Red Sailed Dahabieh," "Moonlight at Luxor" (Andre); Waltz, "Tres Jolies" (Waldteufel); "Jeannine" (Shilket); "I'm Falling in Love with Some One" (Herbert); Czardas, "Coppelia" (Delibes); "The King of Love Is My Shepherd" (Dykes).
9 to 9.30 p.m.—Atwater Kent programme.

Monday, October 29

6 to 7 p.m.—KGO, "Druggists' Radio Club."

8 to 9 p.m.—R.C.A. Hour.

Orchestra: Czardas "Coppelia" (Delibes); Contralto Solo, "The Fairy Piper" (Brewer); Orchestra, Entr'acte, "Rosamunde" (Schubert); Romance (Rubinstein); Baritone Solo, "Wanderer's Song" (Rasbach); Orchestra, Storm Music from "Peer Gynt" (Grieg); Contralto Solo, "Meeres Stille" (Schubert); Orchestra, Barcarolle, "By the Sea" (Holmes); Astronomical Talk by Henry M. Hyde, "Mercury and Venus"; Orchestra, Reverie (Debussy); Baritone Solo, "Why?" (Tchaikowsky); Orchestra, Minuet in G (Beethoven); "Im Venusberg" (Wagner).

8 to 9 p.m.—Shell Symphony Hour.
Orchestra: Overture, "Frau Luna" (Linke); Berceuse (Search); "El Relicario" (Padilla); Selection, "The Masked Ball" (Verdi); "Liebesfreud" (Kreisler); Flute Solo, to be selected; Orchestra, "Song of the Volga Boatmen"; Southern Sketch, "Down South" (Mudleton); "Fairy Tales" (Komak); Selection, "The Mikado" (Sullivan).

9 to 9.30 p.m.—"Song Paintings."
Orchestra, "Love's Old Sweet Song"; Soprano Solo, "Who Will Buy My Violin?" Soprano and Tenor Duet, "Sweetest Story Ever Told"; Tenor Solo, "O Sole Mio"; Soprano Solo, "When I Was Seventeen"; Soprano and Tenor Duet, "O That We Two Were Mavens"; Tenor Solo, "Thy Beaming Eyes."

9.30 to 10.30 p.m.—KGO, General Electric programme.

Tuesday, October 30

6.30 to 7.30 p.m.—KGO, "The Druggists' Radio Club."

8 to 8.30 p.m.—Eveready programme.

Tabloid presentation of Gilbert and Sullivan's comic opera, "Ruddigore."

8.30 to 9 p.m.—"Amazons' Gitanos."

Orchestra: "Estrellita"; "Wedding of the Rose" (Jessel); "Souvenir de Cadiz" (Bosch); "Doing the New Low-down" from "Blackbirds of 1928" (McHugh); Waltz, "Sierra Morena" (Marchetti); "Rustic Festival" (Grieg); "Anything You Say" (Donaldson); Tango, "Ladron, Ladron" (Cobian); "Blue Shadows" (Alter).

9 to 10 p.m.—KGO, "The Pilgrims."

10 to 12 p.m.—Dance music by The Trocaderoans.

It's "WINGS!"

Yes, wings
Dozens of them
Hundreds of them
And they'll be in
Kelowna tomorrow
Tomorrow and Saturday too
If they don't fly away
In the night
Where'll they be?
Well, the door of the
Empress Theatre will be
Open when they arrive
And we think they'll
Fly right in
"WINGS" "WINGS" "WINGS"
Cavalry of the clouds
Out of the sky to the
EMPRESS!!!!!!

1ST RUTLAND TROOP

"Do A Good Turn Daily"

Orders for the week ending November 3rd: The Troop will parade in the Community Hall on Friday, at 7.30 p.m. sharp, in full uniform.
Duty Patrol: Kangaroos.

The first meeting of the season was held on Friday last in the Community Hall with an attendance of eleven. Two new recruits were accepted, both former members of the Wolf Cubs. Sixty Cecil Blankens of the "Reds" is now Recruit C. Blankens of the Beaver Patrol, while Sixty Lloyd Davies of the Tawnies is a recruit to the Kangaroos. We look for an increased attendance at our next meeting, as the older boys will resume their "Scouting" as the work slackens off on the farm and in the packing house.

Owing to the departure of P.L. W. Marr and A.S.M. J. Campbell from the district, the following promotions have been made:—

To be Acting A.S.M., T.L. G. B. Harrison; to be Troop Leader, P.L. Kenneth Bond; to be P.L. of Kangaroos, Second P. Ritchie; to be Second of Kangaroos, Scout W. Sexsmith.

The appointment of G. B. Harrison as A.S.M. was made at a recent meeting of the Local Association, and a warrant application form sent for. The other promotions are subject to confirmation at the next meeting of the Court of Honour.

If the weather stays fairly open, an over-night hike will probably be held in November. Suggestions of a new and suitable destination with all the necessary things that go to make a good camp site—wood, water and morning sunlight—will be welcome.

WOLF CUBS

The initial meeting of the Pack for this season was held on the school field on Friday afternoon last. There was an attendance of ten Cubs and one new recruit, "Bobbie" Hardie. W. Hardie was appointed Sixer of the "Tawnies" and George Campbell, Second J. Muford and Roy Bush were appointed Sixer and Second respectively of the "Reds," though the latter two appointments are only temporary as the boys in question will both be twelve next month, and will transfer to the Scouts.

Football being the rage with the boys at the moment, a game between two pick-up teams was played, providing plenty of exercise for legs and lungs, if the class of football was not of the best! Several new recruits are needed to keep the pack up to strength, and boys of the right age will be welcomed—this goes for the Scouts also.

A. W. GRAY,
Scoutmaster and Acting C.M.

Read your MALKIN'S BEST in the teacup!!

SIGNS in this cup read—JUG, good health; HOUSE, successful in business; LADDER, period of travel; HORSE, wishes fulfilled through proper journey; MONKEY, enemies; OWL, approaching sickness. Remember the signs and watch your Malkin's Best cup.

A mining deal of great importance to Greenwood was consummated recently when R. Crowe Swords and associates, of Vancouver, acquired fifteen crown granted claims between Greenwood and Phoenix. These claims are on the site of the old Greenwood-Phoenix tramway tunnel and practically take in all the mining property between the Crescent mine and Phoenix, a distance of about three miles. This makes the third company that has entered this area recently.

Emphatic in their belief that improvements to the Spence's Bridge-Merritt highway are necessary before tourist traffic begins next spring, the Merritt Board of Trade decided recently to invite Hon. Nels Lougheed, Minister of Public Works, to visit the Nicola Valley at an early date. The proposal is that some members of the Board meet the minister at Lytton and motor him over the recently completed link of road between Lytton and Spence's Bridge, then to Merritt.

The finest, fastest car in its class

Studebaker's ERSKINE SIX

\$1095

f. o. b. Walkerville, Gov't taxes extra

STUDEBAKER'S Erskine Six has outperformed all stock cars in its class by travelling 1000 miles in 984 consecutive minutes. This lowest priced of all Studebaker cars now holds 11 official speed and endurance records in its class! Could there be any better evidence of unmatched performance? A nimble, brilliant car in traffic.

Smart as a whip. Roomy. Easy to ride in—easy to steer, and stop, and park. The Erskine Six is just what Studebaker deliberately planned it to be—the finest, fastest car in its class—and an hour behind the wheel will prove it. Come, drive an Erskine today! Studebaker's 76 years of manufacturing experience stand back of it.

Car illustrated is The Erskine Six Royal Sedan (with artillery wheels), \$1325. Club Sedan, \$1095. Prices f. o. b. Walkerville.

RUTLAND

Mrs. W. D. Wilson, who with her late husband owned a ranch in this district a few years ago, has been visiting friends here.

Mr. R. Booth, who lives in Ellison, had a narrow escape from serious injury and perhaps death last Sunday week. With three of his children, he was returning home under Duck Mountain from Winfield in his car when a big rock, loosened by cattle above, was hurled on to the top of the car. It struck the centre of the roof, bending the steel frame and bounded off on to the road. A big hole was made in the hood, and but for the steel frame which deflected the rock a serious accident would have occurred.

A very successful jumble sale was held last Wednesday in the Community Hall by the Rutland Anglican Church Guild, over \$140 being realized. As has been the case at previous sales, many useful articles were sold at remarkably low prices.

The Anglican Harvest Thanksgiving service will be held next Sunday (Oct. 28th) in the United Church. Rev. C. E. Davis hopes to bring out a number of the choir of St. Michael's and All Angels Church to assist in the service. We understand that the church will be suitably decorated for the occasion.

As will be seen by the notice in the announcement column, the annual Thanksgiving Supper, which was cancelled last year owing to the infantile paralysis epidemic, is to be held on November 12th, when if arrangements come up to expectation, patrons will be treated to an evening's entertainment bigger and better than ever. Tickets are being sold quickly, and there is prospect of a record crowd, and a concert never before equalled.

We are informed that preparations are going forward satisfactorily for the replacement of the old Eight Mile syphon. This important structure has given excellent service in the past, but has been causing District officials much anxiety during the past few months. The new site selected by Engineer F. W. Groves is in close proximity to the old one, but is of a more stable character and less likely to be affected by seepage. Negotiations with the authorities regarding the financing of the work have been successful and a By-Law covering a loan from the Conservation Fund has been passed and registered. Work is also proceeding on the reservoir dams, and a request for further funds on this account has been made. The gate tower of Dam No. 1 is being protected by a breast wall and Dams Nos. 1 and 3 are being raised to the thirty foot level. It is reported that Government engineers have been inspecting all interior storage dams this year. Ours has been so inspected, and a report making certain recommendations was received by the Trustees some time since. The spillway has been lowered in the interests of safety to the 4,026 foot level.

PHOTOGRAPHY OF
"WINGS" UNIQUE
Action Was Filmed Largely From
High Up In The Air

"Wings," an extraordinary picture of the mechanical marvels of the air, which will be shown at the Empress Theatre on Friday and Saturday, was more than twenty months in the making. Not a foot of the picture was photographed from the ground which could conceivably be taken from the air; the action was "shot" from planes, from captive balloons and from lofty parallels, and every scene was personally directed by young William Wellman, who was an aviator during the late war.

Three popular young stars—Clara Bow, Richard Arlen and Charles Rogers—head the cast, assisted by some of the best airmen procurable, with the result that no story of the air yet produced can compare favourably with "Wings." It teems with action, excitement and suspense from the first scene to the last, and the battles waged in the blue are astoundingly real. Flying 12,000 feet above the earth and separated from the ground by a cloud wall 8,000 feet thick, Rogers and Arlen completed one of the most unusual feats of aeronautics in the history of aviation. In order to get the desired effects, Director Wellman had automatically operated cameras mounted on the airplanes just back of the propeller and controlled from the switchboard in the cockpit.

John Monk Sanders, author of "The Legion of the Condemned," wrote the story for "Wings," and he has given a good conception of the life of a flier during the bitter days of the war. As you sit in a comfortable theatre watching men being ordered to go up into the skies to give battle to enemy planes, you realize that it is no wonder that these young birdmen, who flirted with death in the sunshine and under the stars, should indulge in reckless gaiety when they placed both feet on the ground in Paris. The story deals with every phase of the uncertain life of the "war bird," and the incidents are remarkably well handled.

Special sound effects and musical score, under the personal direction of George Beattie, New York, synchronize with each showing of the picture.

Further improvements are being carried out on the big ski hill at Revelstoke by the Department of Dominion Parks. A new judges' stand, opposite the one which was built last fall, was completed recently. A number of improvements to the hill itself are also to be made.

A young husband was playfully questioning wife on her past. "Tell me truly," he said, "did any other man ever kiss you?"

"Well," was the reply, "I was once up the river with a young man and he started rocking the boat, at the same time exclaiming: 'Now, Mary, my dear, you kiss me or we both drown together!'"

"And did you kiss him?" gasped her husband.

"Was I drowned?" asked the wife.

THE PRAIRIE
FRUIT MARKET
BULLETIN

Current Prices And Market Conditions (From the weekly Bulletin issued by J. A. Grant, Fruit Markets Commissioner, Calgary).

Calgary, Oct. 20, 1928.

The Week In Calgary

After the short break last week, owing to weather, threshing and fall ploughing are again in full swing. It is estimated that 95 per cent of the threshing has been done in the three prairie provinces.

Vegetable and root crops are being harvested in good condition. The potato situation is still obscure. Growers report the yield much less than anticipated, and some dealers are of the opinion that the supply will not exceed the demand. We intend to investigate possible prairie supplies and will publish our findings before the year is out. In the meantime we advise potato growers to "feed the market" with their best stock and their hogs with the small and unshapely stuff.

We read in our Winnipeg report that B.C. bulk Jonathan apples have arrived there and are of fine quality. The flavour and quality of that variety needs no advertising this year.

Bulk apple shipments are slowing down the movement of packed apples. This condition should not cause the jobber any anxiety, as he has six months left to take care of the boxed apples.

We see a few Burrells Netted Gem cantaloupes offered for sale here that have been imported from Washington.

Car arrivals from Oct. 13th to Oct. 19th:

Ontario—Grapes, 1.

Manitoba—Cabbage, 1.

Alberta—Potatoes, 5; carrots, 1; cabbage, 1; potatoes and pumpkins, 1.

B.C.—Mixed fruit and vegetables, 5; apples, 12; apples and pears, 1; mixed vegetables, 2; celery, 2.

Imported—Mixed vegetables, 1; grapes, 3; oranges, 1; bananas, 3; onions, 1; celery, 1; oranges and lemons, 1.

Bulk Jonathans

Two cars of bulk Jonathan apples of fine quality and three more cars rolling to one wholesale dealer from a B.C. licensed shipper in Kelowna has upset the plans of other wholesale dealers who bought heavily of Jonathan "Household" crates. The bulk stuff is quoted at \$30 per ton F.O.B. shipping point, and it takes \$8.40 per ton for freight. Today (Friday) a big retail store is quoting the bulk apples at \$1.10 per crate. The crates cost 20 cents each and are made in Calgary. Just how apples that cost 97 cents for 40 lbs. laid down in Calgary can be re-tailed at \$1.10 is what is puzzling the wholesalers. Waste, packing and hauling not included in the 97 cents.

A "Household" crate of Jonathans costs the jobber \$1.30 to \$1.35 laid down here and these were selling to the retail trade at \$1.35 to \$1.50 per crate. Jobbers claim that bulk apples of the variety and quality now arriving are sold too cheap compared with the "Household" crate and from the above figures we are inclined to agree with them.

Edmonton

Business is good. Grapes, apples and onions are arriving in volume and are holding the centre of interest in both wholesale and retail trade.

We are receiving grapes from both Ontario and California and the competition between them is becoming more keen from year to year, with the California grapes gaining in favour. Retail prices for Ontario grapes are from 75c to 80c per basket, which is about 11c to 11 1/2c per lb. California grapes, Tokays and Emperors, are selling at 2 lbs. for 25c and 3 lbs. for 35c, which is just about 1c per lb. dearer. The retailer pays 65c to 70c for the Ontario basket of approximately 7 lbs., and \$2.50 to \$2.75 for the California lug of approximately 30 lbs. Ontario grapes arriving are of excellent quality and appearance and in good condition.

Winter apples are commencing to arrive, late arrivals being McIntosh, Winter Banana, Grimes Golden, Wagner, Jonathan, Spy, Rome Beauty and a few Delicious.

Onions have advanced sharply today and local prices have risen fifty cents per cwt. From all information available the prospects are for much higher prices, but the local wholesale trade is pretty well stocked and will, no doubt, make some money. Thirty cars of onions have been received in the city since September.

B.C. hothouse tomatoes, California head lettuce and cauliflowers are now on the market. Cabbage, celery, beets, carrots, turnips, etc., are being supplied by local growers. A few cars of potatoes have been shipped to Alberta and Saskatchewan, but the harvesting of the crop, which has been completed, reveals the fact that the yield is much lighter than anticipated and growers are reluctant to sell at prices offered, which are 35c to 40c f.o.b., sacks supplied by buyer. The crop is good but rather small and less numerous than usual.

Car arrivals from 11th to 17th, inclusive:

Ontario—Grapes, 1.

B.C.—Apples, 9; fruit and vegetables, 7; fruit, 2; onions, 7.

Imported—Oranges, Cal., 1; grapes, Cal., 2; vegetables, Cal., 1; prunes, 1.

(Continued on Page 7)

On being arrested for speeding, a young man explained that he was a student. The officer replied that ignorance was no excuse.

11 a.m., Morning Worship. Rev. J. Phillips Jones, of Toronto, will preach.

2.30 p.m. Church School. All departments except Young People's.

7.30 p.m., Evening Worship. Sermon subject: "The Authority of God's Message." The minister will preach.

8.45 p.m., The Young People's Department; all young people invited and visitors are especially welcome.

KELOWNA FIRST BAPTIST CHURCH—Rev. A. J. D. Milton, Pastor.

Sunday School and Church Service combined, commencing at 10.30. Subject: "The Model Steward."

Evening Service at 7.30. Subject: "Almost But."

A hearty invitation is extended to all.

BETHEL REGULAR BAPTIST CHURCH, Richter St. Pastor, Mr. G. Thornber.

Sunday School and Bible Class, at 10.30 a.m.

7.30 p.m., Evening Service. Subject: "Judgment and After."

Wed. evening at 7.30, Prayer Meeting.

A cordial invitation is extended to all to come and worship with us.

FREE METHODIST CHURCH—Richter Street, North.

Preaching each Sunday at 11 a.m. and 7.30 p.m.

Sunday School at 10 a.m.

Prayer Meeting, Wednesday, at 8 p.m. Rev. J. J. Walker, Pastor.

SALVATION ARMY—Sunday, 11 a.m., Holiness Meeting. 2.30 p.m., Sunday School. 7.30 p.m., Salvation Meeting. (Public Meeting, Thursdays, 8 p.m.)

CHRISTIAN SCIENCE SOCIETY—Sutherland Block, Bernard Avenue, opposite Palace Hotel. This Society is a branch of The Mother Church, the First Church of Christ Scientist, Boston, Mass. Services: Sunday, 11 a.m.; Sunday School, 10 a.m.; first Wednesday, Testimony Meeting, 8 p.m. Reading room open Wed. and Sat. afternoons, 3-5 p.m.

GUILD OF HEALTH.—Weekly Scripture Study for all interested in the subject of Spiritual Healing.

Subject for meditation: Possibilities.

Oct. 25th, Job, ch. 42, vs. 1-8.

Oct. 26th, 1 Cor., ch. 3, vs. 11-18.

Oct. 27th, Rom., ch. 11, vs. 17-24.

Oct. 28th, S. Matt., ch. 13, vs. 36-43; 1 Tim., ch. 1, vs. 15-17.

Oct. 29th, S. Matt., ch. 4, vs. 23-end.

Oct. 30th, S. Luke, ch. 7, vs. 19-23.

Oct. 31st, S. Matt., ch. 5, vs. 43-end.

Earlier in the year there was a week of readings illustrating our present limitations, arising mainly from the laws of the material as we know and live in it at present. But we as spiritual beings and the sons of God must not give up the ideal of subduing all material desires in the power of Christ. To God, and to man working with God, all things are possible. By His proffered gift all things are ours. The wild olive can produce cultivated fruit through the divine grafting; the tares can become wheat. All manner of diseases were healed by the perfect Son of Man, whereas we are often frightened into impotence by long names and the civil precedent of past failures. By the Son of Man the dead were raised, and by His immediate followers. We are even

THE KELOWNA COURIER AND Okanagan Orchardist.

Owned and Edited by
G. C. ROSE

SUBSCRIPTION RATES
(Strictly in Advance)
To any address in the British Empire, \$2.50
per year. To the United States and other
foreign countries, \$3.00 per year.

The COURIER does not necessarily endorse
the sentiments of any contributor article.
To ensure acceptance, all manuscripts should be
legibly written on one side of the paper
only. Typewritten copy is preferred.
Amateur poetry is not published.
Letters to the editor will not be accepted for
publication over a "nom de plume"; the writ-
er's correct name must be appended.
Contributed matter received after Tuesday night
will not be published until the following week.

ADVERTISING RATES
Contract advertisers will please note that their
contract calls for delivery of all changes of
advertisements to the Courier Office by Mon-
day night. This rule is for the mutual inter-
ests of patrons and publisher, to avoid con-
fusion on Wednesday and Thursday and
publication of the Courier on time. Changes of
contract advertisements will be accepted on
Tuesday as an accommodation to an adver-
tiser confronted with an emergency, but on
no account on Wednesday for the following
day's issue.

Transient and Contract Advertisements—Rates
quoted on application.
Legal and Municipal Advertising—First inser-
tion, 15 cents per line, each subsequent inser-
tion, 10 cents per line.
Classified Advertisements—Such as For Sale,
Lost, Found, Wanted, etc., under the heading
"Want Ads." First insertion, 10 cents per
line; each additional insertion, without change
of matter, 10 cents per line. Minimum charge
per week, 30 cents. Count five words to
line.
Each initial and group of not more than five
figures counts as a word.
If so desired, advertisers may have replicas
addressed to a box number, or to the
Courier, and forwarded to their private ad-
dress, or delivered on call at office. For this
service, add 10 cents, to cover postage of
filings.

THURSDAY, OCTOBER 25th, 1928

ANNUAL MEETING OF O.-C. TRAIL ASSOCIATION

(Continued from page 1)

Annual Report Of Field Manager

Gentlemen:
I take pleasure in placing before you
my annual report for 1928, because dur-
ing this year we have accomplished a
remarkable amount of publicity in pro-
portion to our expenditures—more than
in any previous year.

The Financial Campaign

We opened our operations with our
financial campaign. A special effort
was made to carry this out promptly
and to clean up quotas with a minimum
of travelling back and forth over the
road. In this we were partially suc-
cessful, but it was not found possible
to avoid certain delays and the revisita-
tion of some places.

There are still some towns which
for one reason or another fail to have
their funds collected and sent to our
Secretary-Treasurer promptly. It is
enough to allow your Association to car-
ry on its work as smoothly, economi-
cally and efficiently as should be. Our
annual budget has never been large en-
ough to allow any margin over and
above the work actually laid out in the
annual programme. Failure to get their
quotas paid promptly on the part of
some of the towns has resulted in
shortages at critical periods in the sea-
son, with the result that some of the
programme could not be carried out, it
being too late when the money was
available. Where towns delay in get-
ting their quotas paid, we are not only
held up in doing our work but much
additional expense is incurred by the
necessity of keeping this matter before
those responsible. This could be al-
most entirely eliminated if the public
bodies and those representing them in
our Association fully recognized their
responsibility in keeping the operations
of the Association going. It immedi-
ately becomes more expensive when
left entirely on the shoulders of the ex-
ecutive officers to press for these pay-
ments.

The various methods used by towns
in our Association to secure their funds
makes a consecutive effort to raise the
money all along the Trail with only one
mileage charge practically impossible.
In some of our towns the whole
amount of the quota is raised by public
subscription. Other towns vote the en-
tire amount from Chamber of Com-
merce, Commercial Club or Board of
Trade funds. Other towns secure a
part of the quota from the city or
municipal council and collect the bal-
ance by public subscription, while one
of our towns this year secured a grant
from the city council to cover the whole
quota.

The opinion seems general that
where the money is to be raised by
public subscription the best time to go
out for it is in the fall, about Novem-
ber. Grants cannot be secured from
city or municipal councils until after
the new year, and even then there is a
certain amount of unavoidable delay as
there are regular formalities through
which matters of this kind have to go.
Chamber of Commerce, Commer-
cial Club and Board of Trade budget
funds are not raised until later in the
year and it is with quotas paid out of
these that we generally find the most
delay. The system of raising the fund
by public subscription is becoming less
and less popular, mostly on account of
the fact that there is no method of dis-
tributing the burden equally and fairly.

Publicity Campaign

We opened our publicity and adver-
tising campaign this year in March,
which was fully two months earlier
than in any previous year.

We mailed out a circular letter de-
scribing the Trail and its attractions, to-
gether with a map, to 10,000 special
tourist prospects in California, Oregon,
Nevada, and Arizona. These resulted
in approximately 15 per cent replies,
which is a very fair average for direct
mail advertising. This circular
letter was even more effective than the
number of replies received indicates,
inasmuch as we found that many of
those who received our letter and map
made the trip over the Trail without
writing us for further information. We
have replies from these circular letters
on file dated at late as September 4,
showing that even when no reply was
received at time of mailing the letter

was kept for further reference, and not
just thrown in the wastepaper basket.
Individual enquiries for information
during 1928 were over 200 per cent
greater than in 1927. A large per-
centage of these required an individual re-
ply as information requested was not
given in any of our literature.

Literature Distribution

We distributed our literature and
maps this year through over 1,100 of-
ficial information bureaus located prac-
tically in every part of the continent.
Many of these wrote for further sup-
plies. These bureaus now look to your
Association to keep them constantly
supplied with literature on this section
of the country.

The demand for literature outside of
the Trail territory was so heavy that
we were not able to meet in full the
call for it from tourist resorts, etc., lo-
cated on the Trail. The outside de-
mand received first attention and con-
sideration, because it is the function of
the Association to attract tourists to
the Trail rather than to give them litera-
ture and maps when they are already
on it.

We distributed over 38,000 maps with
descriptions of the Trail, booklets, road
etc. Our connections for distribu-
tion would easily take care of from
one-third to one-half more pieces of
literature.

Newspaper And Magazine Publicity

We sent out over 4,968 copies of
news stories which gave publicity to
the Trail. These went to 825 newspa-
pers located all over the continent.

We supplied a two page illustrated
article descriptive of the Trail to the
National Motorist Magazine, which
goes into the hands of over 45,500 read-
ers in California; and another two page
illustrated article to the Western Cana-
dian Motorist, which has a certified cir-
culation of 14,500, making a total of
well over 60,000 readers reached by
these two articles.

We supplied upon request, data on
the Trail to be published in the Ency-
clopedia Britannica. This shows de-
finitely that the Association has secured
for the Trail recognition as one of the
main tourist routes of the continent.

The newspaper and magazine pub-
licity work is the least costly of any
of the work we do, but it is of even greater
value from an advertising point of view
than our maps. The public recognizes
our maps and literature as advertising
and this material is discounted accord-
ingly, but newspaper and magazine ar-
ticles are not regarded in that light and
are therefore the more effective.

Early this season the Association er-
rected a large sign at the junction of
the Okanagan-Cariboo Trail and the
Ashcroft Road, at Cache Creek. This
sign directed tourists to the Okanagan
Valley and points east. The other
signs previously erected by the Assoc-
iation together with the blaze marks
were maintained. Some changes had to
be made to the Trail blaze marks, on
account of the re-location of roads and
further changes will be needed next
spring.

The Season's Conditions

The Association has faced one of
the most difficult seasons this year
which it has ever experienced, but in
spite of this fact tourist travel has been
considerably better than the most opti-
mistic dared to hope at the commence-
ment of the season.

The heavy fall of snow in the moun-
tains during the winter, followed by
rains in the spring, resulted in serious
flooding and damage to our roads.
Reports were spread broadcast by
Coast organizations to the effect that
our roads were impassable and no men-
tion was made of available detours or
of the fact that the closures were only
of a very temporary nature. At the
time this occurred the tourist traffic
was just commencing, but in a few
days it dwindled to nil.

To counteract this, your Association
sent out two sets of special reports. The
first described the true conditions, gave
the location of detours and pointed out
that the closure of the roads was only
temporary to allow repairs to be made.
The second stated the roads were again
open for traffic. These reports were
supplied to the offices of the local
newspapers and information bureaus in
Washington, Oregon, California, Idaho,
Montana, British Columbia, Alberta,
Saskatchewan and Manitoba. It is not
possible to wholly contract reports
such as were sent out from the Coast,
however, and the Trail has suffered
from their detrimental effects all
through the season.

Rainy weather prevailed on the Cana-
dian prairies and in the middle west
states for a considerable time after the
Okanagan-Cariboo Trail was all in
good condition. Authentic reports are
on file in our office to the effect that
literally thousands of American and
Canadian cars, headed for the Coast via
the all-Canadian route and the Okana-
gan-Cariboo Trail from the east, were
held up in prairie towns by the condi-
tion of the dirt roads in the prairie pro-
vinces. These cars were then obliged
to return to their homes as soon
as the mud dried up, due to the fact
that their vacations were expiring.
Tourists who reached here from the
east via U.S. roads also reported bad
conditions in some of the states.

Throughout the season there has
been considerable re-location and gen-
eral improvement work in progress al-
long the Trail, but this has not held
up tourist travel to any serious extent.

On August 1st the Trail, except
where work was actually in progress,
was in better condition than in any pre-
vious year. Several sections of State
Road No. 10 have been re-located and
in British Columbia much widening
and cutting down of curvatures has
been accomplished. Also in British Col-
umbia, highway divisions have been
supplied with more and heavier graders,
resulting in smoother road surfaces,
greater safety and more driving com-
fort. Driving time on the Trail has
been materially reduced and practically
all sections of it are now much safer
than previously.

The dust nuisance is still a serious
drawback, but provision for oiling is be-
ing made in several sections and it is
not contemplated that we shall have
this difficulty to contend with much
longer.

Steps are being taken by authorities
in British Columbia to avoid damage
to highways by high water in the lakes.
It appears altogether likely that work
will be commenced soon on the con-
struction of a new, high level road be-

ELLISON LONG-TAIL HOLDS RECORD SO FAR

Longest Pheasant Shot Measures
Forty-Three Inches

Long-tailed pheasants continue to fall
before the onslaught of hunters, last
week's record of 40 3/4 inches from beak
to the tip of the tail having been ex-
ceeded by 2 1/4 inches in the race for
Spurrier's prize of 100 Super-X shells
for the longest bird shot during the
season. The record-breaking bird, mea-
suring 43 inches, was brought in by
Mr. J. McSorley, National Hotel, Ver-
non, and was shot on the property of
Mr. John Carney, Ellison.

Another exceedingly long bird, mea-
suring 41 1/4, was shot by Mr. A. Ken-
nedy. Others measured at Spurrier's
were as follows: J. Tucker, Benvoulin,
40 ins.; B. McDonald, 40 1/2 ins.; A.
Weeks, 40 ins. It is notable that the
smallest pheasant brought in last week,
40 inches, is longer than the winner of
a similar prize at Seattle, the prize
bird of that district measuring only 39
inches.

Mr. Edward Harvey shot two goats
recently on Hope Mountain, one of
which possessed the finest head ever
taken out of that district. It is such a
fine specimen he is having the whole
carcass mounted.

In connection with Spurrier's award
of a \$60 gun to the hunter bringing in
the deer having the widest spread of
antlers, two entries have been made in
this competition during the past week.
Mr. W. Lewis brought in a buck hav-
ing a spread of 28 1/2 inches, with five
points on each side, while Mr. Ketch,
of Okanagan Mission, knocked over a
buck at Chute Lake having a 29-inch
spread, also five points on each side.

Mr. Ketch related an amusing inci-
dent which took place during his stay
at Chute Lake. One night while enjoy-
ing camp to go to the lake a bobcat
bared the path, but subsequently
sought refuge in a near-by tree. Pass-
ing under the tree on his way to the
lake, he was startled when something
landed on his back with a thud. He was
considerably relieved when he discov-
ered that only a branch of the tree had
hit him.

PROVINCIAL ITEMS

The annual Thanksgiving drive of
the Women's Senior Hospital Aid,
Penticton, will commence on November
1st, continuing until November 17th.

An early start is expected on the
Canadian National car slips to be placed
east of the C.N.R. wharf at Pentic-
ton. Material for the slips is now
arriving by train at Kelowna and will
shortly be shipped down the lake.

The Salmon Arm Badminton Club
held their annual meeting on Tuesday
of last week. Officers were elected for
the season, and the opening date was
set for October 30th.

Similkameen Football Association
closed its first season with a small cash
balance and is in good shape for an
early start next spring. In the first at-
tempt to organize football in the val-
ley two complete schedules were run,
four teams competing in the spring
league and three in the fall. Blakely
won the honours both times, with
Princeton twice runners up. Blakely
also defeated an all-star team
twice.

tween Summerland and Deep Creek,
near Peachland, thus doing away with
the winding lakeside road at present in
use. It is also reported that work will
soon start on improving the road be-
tween Penticton and the International
Boundary.

Office Work
The office work increased to such an
extent this year that your Field Man-
ager was no longer able to carry on in
his own residence and was authorized
to rent an office. This he secured at a
very low rental in the same quarters
as are located the offices of the local
branch of the Automobile Club of Brit-
ish Columbia. There were a good
many advantages all around in this ar-
rangement, among which was that the
Field Manager could keep closely in
touch with the tourists even when en-
gaged in regular office work.

The total number of communications
received and sent out from the Field
Manager's office was in excess of
17,000.

Tourist Travel

We have not yet succeeded in getting
as close a check on the value of tourist
travel to our towns as we desire. An
attempt to do this was made in one of
our towns, but it was found at the best
impossible to secure the registration of
more than a very small percentage of
the tourists who came into the town.

The Customs figures at Osoyoos
show that, from Jan. 1 to Sept. 30, a
total of 12,830 cars were registered, as
compared with 12,320 for the corre-
sponding period in 1927. This was a
gain of 510 cars.

The government figures of cars and
passengers carried by the Kelowna-
Westbank ferry from April 1 to Oct.
1, 1928, were 13,370 cars and 34,876
passengers, compared with 11,700 cars
and 27,871 passengers for the corre-
sponding period in 1927. This was a
gain of 1,670 cars and 7,005 passengers.

What may fairly be termed "local
traffic" was approximately equal at both
points on the Trail. The increase at
the Kelowna ferry is attributed to the
greatly increased travel between the
Canadian prairies and the Coast over
the northern section of the Trail. These
cars were not registered at Osoyoos.

There appears to have been a special,
concerted effort made this year at the
Coast to keep tourists on the Seattle-
Vancouver Island-Vancouver-Seattle
route. This, it was reported to me, no
doubt had a detrimental effect on our
Coast to the Interior traffic.

Revelstoke enjoyed more tourist traf-
fic this year in proportion to the num-
ber of cars on the Trail than ever be-
fore. Considering the conditions which
have prevailed, it would have been an
achievement to have even broken even
with last year's tourist traffic, and to
be able to show even a slight increase
is a record of which the Association
may be justly proud.

Ten Specials

Ladies' Suede Fabric Gloves, fancy turn over cuffs 69c
with silk embroidery; 6 1/2 to 7 1/2; per pair

MEN'S HOSE, 2 pairs for \$1.00

PHYLLIS M. COOK

Miss Cook is making a tour of the Okanagan Valley be-
fore starting on a tour of the Coast cities. Victoria,
Vancouver, Seattle, Portland and San Francisco are
all waiting to hear her, and from now on you are
going to hear and read about Miss Cook.

She has chosen Kelowna, her home town, for the start.
Mrs. Huntly Green and other great teachers say Miss
Cook will be one of Canada's greatest artists. Let us
all say she is a "Kelowna Girl" and boost her.

Special Matinee for children, 3.30, 10c
Evenings, 50c and 75c

Local and Personal

Mr. C. E. Weeks went to Vancouver on Saturday.

Mr. A. J. Pritchard left Monday on a trip to the Coast.

Dr. L. S. Jones left Saturday on a trip to points south.

Dr. W. H. Gaddes left on Tuesday by Canadian National for Vancouver.

A man was fined \$5 and costs on Tuesday for riding a bicycle on the sidewalk.

Mr. R. Leitch, local manager for the Dominion Cannery Ltd., left on Monday for Winnipeg.

A man was fined \$5 and costs at the Police Court on Monday morning for parking too close to a fire hydrant.

Mr. Harold J. Jones, Travelling Freight Agent, Northern Pacific Railway, was a visitor in town on Tuesday.

A culprit was fined \$25 and costs at the Police Court on Friday morning for being found in an intoxicated condition.

For driving at night with only one headlight showing, a motorist was recently cautioned by the police that this is contrary to law.

Capt. and Mrs. Bertram, Harvey Avenue, had as their guest for the past week Mrs. C. G. Baker, of Penticton, who returned home on Tuesday.

Mr. J. D. Fraine, Superintendent, C.P.R., Revelstoke, spent Saturday before leaving, he enjoyed a pheasant hunt in Kelowna district.

Miss Delia Perry, who had spent a vacation of two months with her parents, Colonel and Mrs. J. Perry, returned yesterday by C.N.R. to Vancouver.

Mrs. Harvey Brown, who had been visiting her parents, Mr. and Mrs. W. Sturridge, Bernard Avenue, for a couple of weeks, returned home to Armstrong on Friday.

Mrs. L. B. Simeon and Miss Betty Simeon left on Saturday for La Jolla, California, where they will spend the winter. They are motoring via Portland, Oregon, and Los Angeles, Cal.

The Kelowna Golf Club wishes to draw attention to the fact that shooting is not allowed on the golf course. Infraction of this rule may result in serious consequences as the course is in use daily.

Mr. James Harvey and daughter, Miss Peggy Harvey, left today for Vernon, where they will visit Dr. J. E. Harvey. They will proceed from Vernon to California, where they will join Miss Mollie Harvey.

Mr. and Mrs. R. A. Bartholomew and Mr. A. S. Burdick, of Okanagan Mission, left Monday on a trip to the Old Country. They will sail from New York on the C.P.R. liner "Minnekahda," October 27th.

The regular meeting of the Young Women's Missionary Society of the United Church was held on Tuesday at the supper hour in the class rooms of the church, when Mrs. W. E. Adams gave a very entertaining and instructive talk on her recent South America-South Africa tour.

The mystery attached to the brief snort of the steam whistles of local factories, referred to in our last issue, has been explained in a way that does credit to the kindness of heart and consideration for others of those concerned. The reason of abbreviating the signals is that they may disturb as little as possible an invalid in the nearby vicinity who is seriously ill.

Hon. F. P. Burden, Minister of Lands, and Major J. C. MacDonald, Comptroller of Water Rights, will visit Kelowna tomorrow (Friday) in order to meet officials connected with the various Irrigation Districts. The visitors will be entertained to dinner in the Lakeview Hotel the same evening, 7.30, when the members of the City Council and Trustees and secretaries of Irrigation Districts will also be guests. Any members of the Board of Trade who desire to attend should reserve seats with Mr. E. W. Barton, Secretary of the Board, before noon tomorrow, as accommodation will be limited.

BIRTH

KERR—At the Kelowna General Hospital, on October 22nd, to the wife of Gordon Kerr, a son. 11-1p

WANTED—A man to handle the sale of the largest line of household products in the world, sold direct to the consumer—serving hundreds of satisfied customers in the Okanagan Valley. Real opportunity for right man. Apply, Dept. C, 876 Hornby Street, Vancouver, B. C. 3-1c

TWO SHOWERS FOR BRIDE ELECT

Miss Phyllis Oliver Is Recipient Of Many Gifts

With Mrs. E. Chamberlain and Mrs. E. Oswell as co-hostesses, her associates at the Commercial Orchards, Ltd., gave Miss Phyllis Adelaide (Philly) Oliver a kitchen shower on Sunday afternoon, the 14th inst., at the home of Mrs. E. Chamberlain.

The bride-elect, who has packed for the Commercial house for a number of years, received many useful gifts, which were arranged in the centre of the room. A very happy afternoon was spent with music and afternoon tea was served.

On Tuesday evening, the 16th inst., Mrs. Tryphena Brown arranged a shower for Miss Oliver, when she received numerous dainty and useful gifts from friends present. These were treated in a unique way. In a dainty trimmed basket of yellow and white, with a huge white bow on the top, they were dived into the room by Mrs. Brown, who advanced when the door was opened with measured step, as though thoroughly used to being the star performer on such occasions.

COLLEEN MOORE IN EMOTIONAL DRAMA

Star Surpasses Her Former Efforts As Comedienne

Surpassing in emotional drama her previous work as a comedienne, Colleen Moore has given a performance in the stellar role of "Happiness Ahead" that is possibly the finest of her career. This picture opens on Monday at the Empress Theatre for a two days' run.

Elements of comedy, romance and pathos have been well blended in this picture, endowing it with every quality of entertainment from humour to tragedy. Through it all the convincing work of Miss Moore dominates, whether the action be serious or comic, revealing in her a breadth of dramatic ability rarely found.

The two outstanding scenes in "Happiness Ahead" are said to be the most dramatic. Miss Moore gives a delightful performance in an episode in which she enacts the role of a bride from the country, contending with the mystifying mechanical devices of a city apartment, and flying about to the tune of door bell, telephone and speaking tube whistle while the dinner burns. In striking contrast to this enjoyable scene is the final scene of the picture, which is emotional and dramatic in the extreme, providing a rapid and well-rounded ending for the plot.

The story of "Happiness Ahead" centres about an unscrupulous girl from a small town who becomes the wife of a city card sharp. Her disillusionment and the subsequent regeneration of her husband provide the framework for a plot that is as unique as it is interesting. Edmund Lowe, who plays opposite Colleen Moore, is provided with an unusually strong role, and he takes full advantage of his opportunities. The supporting players are effective in their respective roles.

Mr. and Mrs. R. Davidson and Mr. and Mrs. W. H. H. McDougall, accompanied by their guide, Mr. A. Rankin, enjoyed a successful fishing trip over the week-end at Chute Lake, where they had good results with the fly. Mrs. Davidson proved to be an angler of ability by outclassing others of the party eight to one. Mr. and Mrs. Davidson, residents of Scotland, are the guests of Mr. and Mrs. McDougall.

At the weekly luncheon of the Rotary Club, held at the Palace Hotel on Tuesday, two new members were welcomed. Dr. W. H. Gaddes and Mr. N. D. McTavish. Addresses were given by President H. E. Ross, Rev. A. K. McMin and Mayor D. W. Sutherland. Guests included Captain Pritchard, Westbank; Mr. W. J. Coe, Winfield; Rev. A. Dunn, Vancouver; Judge Swanson, Kamloops; Mr. C. W. Little, Vernon; and Mr. E. E. Gibson, Penticton. Attendance was one hundred per cent.

A wedding of local interest took place at the Pro-Cathedral, Calgary, on Thursday, October 11th, when the Rev. Mr. Robinson united in marriage Sophia Cameron, eldest daughter of the late Rev. Alexander Cameron and Mrs. Cameron, of the Manse, St. Mary's, Scotland, and Mr. William Cameron, eldest son of the late Mr. William Cameron, of Guisachan Farm, Kelowna, and Mrs. Cameron. The Cathedral was beautifully decorated. Mr. and Mrs. Cameron are enjoying their honeymoon at Banff.

Three attempted burglaries have been reported within the last few days, none of which was successful. The office of the Kelowna Growers' Exchange was entered on Saturday night but nothing was taken, and on Monday night the K.G.E. feed store was broken into by means of forcing the lock, when again nothing was stolen. Mr. Thomas Thorpe's store was also entered on Monday night, access being gained through the door by breaking the padlock. The thief or thieves found the safe open and escaped with a cash box containing papers of value only to the owner.

To make possible the purchase of additional books for the library of the Public School, Manager Maddin, of the Empress Theatre, has arranged a special matinee for school children on Monday afternoon, the proceeds of which will be donated to the School Board for the purchase of books. The picture features Colleen Moore in "Happiness Ahead," and is a film that children will enjoy. The show will start at 3.45 in order to seat all children before the performance begins, and the admission fee is ten cents. As the provincial government will give one dollar for every dollar raised for this purpose, it should be an easy matter to secure a sum sufficient to go a long way towards additions to the library. Mr. C. J. Frederickson and Mr. P. B. Willits will assist the School Board in the selection of books.

"Lately I have fallen into the habit of talking to myself."

"I wondered why you looked so bored."

According to the Grand Forks Gazette, Boundary mining is today on the eve of developments of a magnitude that promises to outrival even the palmy days when the Granby and B.C. Copper Co. were at the height of their activities. Grand Forks, Greenwood and deserted Phoenix are going to swing back into the picture in a way that may be little short of sensational. Negotiations are not complete, but a score of engineers representing at least four big companies have been scouring the hills and a significant announcement will be made soon.

A western railroad claims agent has a real job on his hands. Forty lawyers were hurt in a collision.

GLENMORE POUND DISTRICT

September... Greatest Month in all Chrysler History

—Spectacular
New Record for
Chrysler Sales

PUBLIC demand for Chrysler products, after creating new sales records month after month, reached a most significant and spectacular climax in September.

Usually a month when automotive production declines, September for the Chrysler Corporation of Canada, Limited, was not only the month of largest production throughout 1928, but the largest also throughout the entire history of Chrysler.

The demand for new Chrysler and Ply-

mouth models, in fact, exceeded everything in Chrysler experience and requires even more than the vastly increased facilities of the Windsor plant to cope with the flood-tide of orders.

Chrysler is gratified by such an overwhelming expression of public confidence—and appreciative of the opportunity it offers to extend production facilities still further in order to satisfy the demand which is ever widening.

In the months and years to come, Chrysler is firmly resolved to continue true to the Chrysler ideals of leadership—in pioneering the new and important improvements in motor car design; in developing new ways of progress in scientific engineering and precision manufacture; in discovering new methods of raising quality and thereby constantly increasing the purchasing power of the automobile dollar.

WESTBANK

Mrs. W. J. Moore's house was completely destroyed by fire on Sunday afternoon. It was thought to have been started by a fire left in the stove when Mrs. Moore and her son left for Peachland.

The Kelowna-Penticton stage on Monday afternoon hit a rock at Hardie's Lake and had to have the assistance of a wrecking truck to take it home.

Miss Kathleen Drought returned home on Tuesday after having undergone a successful operation at Kelowna Hospital. Every one wishes her a quick recovery to perfect health.

Lost: a fountain pen by a man half filled with ink.

NOTICE TO CREDITORS

IN THE MATTER OF ARTHUR NEWBOLD, DECEASED.

NOTICE IS HEREBY GIVEN that all creditors and other persons having any claims or demands against Arthur Newbold, late of East Kelowna, B.C., who died on the 14th day of June, 1928, are required to send by prepaid post to J. F. Burne and E. C. Weddell, Administrators of the said Estate at Kelowna, B.C., their names, addresses and full particulars in writing of their claims and the nature of the securities (if any) held by them.

AND TAKE NOTICE that after the 22nd day of November, 1928, the Administrators of the said Estate will proceed to distribute the assets of the Estate to persons entitled thereto having regard only to the claims and demands of which they shall have then had notice.

DATED the 8th day of October, 1928.
BURNE & WEDDELL,
Solicitors for the Administrators.

MISS DORA VIRTUE

Montreal golfer, who was the last Canadian girl to be eliminated from the Women's National Golf Championship at Hot Springs, which was won by Miss Collett.

TWENTY YEARS AGO

(From the files of "The Kelowna Courier")

Thursday, October 22, 1908

"The Central Okanagan Land & Orchard Co. have completed their telephone line, over ten miles long, between the headgate of their ditch and their reservoir."

"The first instalment of machinery for dredging the Okanagan River went south on Friday."

"Mr. Aviss' men have completed the work of tearing down the old launch shed in the Park, and the boats have been transferred to his new shed, which is a safe and commodious structure situated in the bay off the end of Water Street. It is built on piles and has stalls for a dozen launches."

The score obtained by the Kelowna fruit which won the gold medal for best district exhibit at the New Westminster exhibition is of some historic interest, hence it is reproduced herewith:

Dun's Review reports commercial failures in Canada and Newfoundland as totalling 445 in number for the third quarter of 1928, as against 462 for the same period in 1927. The bankruptcies were distributed as follows: Ontario, 123; Quebec, 200; British Columbia, 28; Nova Scotia, 12; Newfoundland, 5; Manitoba, 31; New Brunswick, 7; Alberta, 18; Saskatchewan, 21. Total liabilities were \$9,548,251 and total assets, \$6,001,114.

The pupils in the Summerland High School have decided to establish a library. At the present time the school is without a supply of good books for reference and amusement. After discussing ways and means of raising money, it was decided that the quickest and most satisfactory way would be for each student to contribute one dollar, which he had earned. Plans are now being formed to launch the campaign.

MEXICO'S PRESIDENT

An excellent portrait of Emilio Portes Gil, who was chosen provisional President of Mexico to succeed President Calles. He will remain in office until next year, when an election will be held.

GLENMORE

Mrs. Stocks and Miss Turner, of Penticton, are visiting at the home of Mrs. and Mrs. George Moubay.

Mr. and Mrs. George Moubay left last week for a holiday at the Coast.

Mr. J. E. Britton came up at the week-end from Summerland. He returned on Sunday afternoon, accompanied by Mrs. Britton and Dorothy, to take up residence in their new home there.

We are all glad to know that Mrs. L. E. Marshall and babies are doing so nicely, and will be back home at the end of the week.

We regret that Mr. Jack Ward is a patient at the Kelowna Hospital and trust soon to hear better news of him.

RETURN OF CYCLING AS A DIVERSION

Toronto Editorial Writer Speculates As To Restoration Of Bike To Popularity

"A Bystander at the Office Window" had the following to say recently in the Toronto Globe relative to the merits of cycling as a diversion, a form of exercise that, for some reason, has not maintained the vogue it still enjoys in countries of the Old World:

"Is there any good reason why cycling as an exercise and a diversion should not be more widespread and popular in this country than it is at the present time? Most of us can remember a time when the bicycle was a pleasant and healthful means of escaping from the city into the country highways and byways. There is no doubt that cycling would be just as prevalent today were more provision made for the safety of cyclists on our roadways. That, in a word, is the only thing needful to bring the pastime back into vogue."

"In England and on the Continent cycling is still a popular sport, and statesmen as well as schoolboys are seen astride the little leather saddle, we are told. Women ride fearlessly. No fewer than 6,000,000 cyclists have been listed in England by the Touring Club. It is getting ready to celebrate a golden jubilee in June. A feature is to be a relay race around England, Wales and Scotland. At the finish, on the birthday of the Prince of Wales, who rides a bicycle himself, there will be a distribution of prizes."

"In the Scandinavian countries bicycles are in general use. All the monarchs ride as well as most of their subjects. Girls flit along the country paths. Men no more on the sunny side of 60 tool about serenely. In Europe there is not a touring car to every five persons. The rights of cyclists, are recognized and enforced."

"Even pedestrians there have some consideration. An elderly person on a bicycle is not a ridiculous sight—he may be the Prime Minister, or a professor of logic, or a society leader. It is what adult in this continent dares to ride a bicycle on the highway unless he is a mechanic going to work in overalls? asks a writer in The Times (New York)."

OKANAGAN MISSION

Mr. and Mrs. R. Bartholomew left on Monday for England, where they will spend the winter. Mr. Burdekin will also travel by the same boat.

Mrs. H. C. S. Collett, who has been spending a short holiday at the Coldstream Ranch, returned home last Saturday evening.

Please remember the church bazaar, which is to be held on November 9th and 10th, at the Morrison Hall, Kelowna. Will anyone who has second hand books to give for the Mission Stall, kindly leave them at the store or at Mrs. Browne Clayton's on or before November 7th.

There will be Sunday School next Sunday, October 28th, at 10 a.m.

Two deer were shot during the week by local sportsmen—one by Mr. S. Taylor and one, a five pointer, by Mr. C. Small.

At a recent public affair a collection was taken for the benefit of a social organization. At the close of the proceedings the amount of the collection was announced as \$76.03, whereupon a man in the audience remarked humorously:

"There must be a Scotchman here." A man immediately rose and exclaimed: "I'll hae ye ken there's three of us!"

Who Will Advise Your Wife?

Do you ever stop to think who will advise your wife regarding investments after you have passed on? In these days of high pressure salesmen who prey on the inexperienced the need for dependable information about investments is apparent.

Trust Companies are in the best position to advise beneficiaries. We are constantly studying the investment field. We know not only the securities that are safe, but those that are questionable and unsafe. The result of this study is available for your beneficiaries.

The cost of our services is moderate because the fee for both individual and corporate executors is fixed by the Court.

"He was a man who had suffered much," says a country paper, in a short obituary notice; "he had been a subscriber to this paper since its first number."

THE PRAIRIE FRUIT MARKET BULLETIN

(Continued from Page 3)

Wash., 1.

Saskatoon

The weather has not been so cold the last few days and all the snow that fell last week has disappeared.

There are a few more varieties of apples now on the market, such as Jonathan, Snow, Grimes, Winter Banana, etc., in addition to McIntosh, but there is not a full line as yet. Country cars are slow in coming out, which is no doubt caused by the many varieties that are ordered in these cars and country merchants insist upon all varieties when putting in their winter supplies. The tendency this year is that merchants are not going to stock winters as heavily as in the past and will order throughout the winter from jobbers as they need them. The price they are getting for their wheat is very low, which causes the merchants to be careful in their buying. There is no pep to the apple business just now and prices have been cut to where there is very little margin of profit.

The last cars of Ontario Concord grapes have just arrived and it looks as if Ontario has finished shipping as the wineries are taking large quantities. Emperor grapes from California are selling well as they are of good quality and cheap. Head lettuce from California is coming in and the trade are now ordering lug tomatoes from California, as B.C. are finished, and only hothouse available is from Victoria.

Regina
The weather during the week has been cool with occasional showers and snowfall in some districts.

Threshing is practically completed. B.C. apples are now being given special attention by the trade, both wholesale and retail. Country salesmen are also concentrating their efforts on advance sales of winter apples in car

lots. One large retailer in Regina received one straight car of B.C. apples this week direct; they are selling at a price about equal to the jobbing price on the same varieties, packages and grade.

We are now receiving some very choice celery from Armstrong. Potatoes are now being shipped to Saskatchewan points from Manitoba and Alberta. We have also received several cars of very fine cabbages from Manitoba.

This market is practically bare on tomatoes, two cars of B.C. hothouse, having arrived in poor condition, did not meet with a very good reception. These were running heavy to black spots developing decay.

Ontario
Plums, Damson, 11-qt. bskt., No. 1 1.50
Grapes, Concord, 6-qt. bskt., No. 170

Manitoba
Cabbage, bulk, lb.02

Alberta—Potatoes, 2.
B.C. Mixed fruit and vegetables, 1; celery, 2; mixed vegetables, 2; mixed fruit, 3; onions, 3; apples, 5.

Imported—Lettuce, 1; oranges, 1; bananas, 1; grapefruit, 1; grapes, 3.

Winnipeg
Business on the Winnipeg market this past week has been rather dull. About the only commodities on the market in any volume are apples, onions and potatoes. Apples and onions are moving slowly—the apples marketed being mostly bulk. Some very fine Jonathans in bulk cars are being received from B.C. at the present time. The local onions are taking care of the demand here; also, Manitoba potatoes are the only potatoes on the market.

Two cars of southern tomatoes have been received since the last report, one car being from Washington, and was very unsatisfactory, as it was green and would not ripen properly. The other car is the first received this fall from California, being in 30-lb. lugs and very nice stock, containing both "ripes" and "greens." The California tomatoes are wholesaling for \$4.00.

Ontario small fruit is now off this market and no apples have been received from there during the past week.

The weather is very fine, but the fruit business is rather stagnant.

Wholesale prices for stock and goods of merchantable quality and condition:

Ontario
Grapes, Concord, 6-qt. bskt., ungraded No. 1, 52c to55
Apples, Greening, bus. bskt., Dom., \$2.00 to 2.25
Crab apples, Hyslop, 11-qt. bskt., Ungraded 1.00

Manitoba
Potatoes, White, cwt., B. 1.15
Onions, Yellow, cwt., Standard, \$3.50 to 3.75

British Columbia
Tomatoes, Hothouse, 4-bskt. crate, No. 1 4.50
Pears, D'Anjou, box, Fancy 3.50
D'Anjou, box, C. 3.50
King Carol, Boussock, box, Fancy 2.75

Apples
McIntosh, box, Fancy 2.65
McIntosh, box, C. \$2.25 to 2.35
McIntosh, box, Household, \$1.85 to 1.90
Jonathans, box, Extra Fancy, \$2.50 to 2.75
Winter Banana, box, Fancy, \$2.50 to 2.75
Jonathan, Winter Banana, box, C. 2.25
Snow, box, C. 2.25
Onions, Yellow, cwt., Standard 4.50
Celery, 50-lb. crate 3.50
Apples, McIntosh, Bulk, Greening, cwt. 3.25

Imported
Tomatoes, 30-lb. lugs, Cal. 4.00
Prunes, Italian, box, No. 2, Wash. 85c to90
Peaches, Elberta, box, No. 2, Wash. 1.30
Pears, Bartlett, box, Ex. Fancy, Wash. \$3.50 to 3.75
Grapes, Tokay, lug, No. 2, Cal. 2.50
Onions, Spanish, large crate, choice, Spain 6.50
Spanish, half crate, choice, Spain 3.50
Lettuce, Head, 5-doz. crate Cal. Car receipts from October 11th to October 17th, inclusive:

Ontario—Grapes, 9.
Manitoba—Potatoes, 42; onions, 2.
B.C.—Apples, 20; bulk apples, 8; onions, 4; mixed fruit, 1.
Imported—Bananas, 5; tomatoes, 2; grapes, 3; onions, 4; oranges, 3; lemons, 1; prunes, 1; grapefruit, 1.

Vancouver
Dull and wet weather has prevailed during the past week, but bright and fine today. The delicious variety of apples is now on the market at prices as listed.

LONDON'S NEXT LORD MAYOR

Above is Sir Kynaston Studd, who has been chosen as the next Lord Mayor of London, with his wife, Lady Studd, centre, and their niece. The picture was taken in their London home.

KELOWNA FRUIT AND VEGETABLE SHIPMENTS

For Week Ending October 20th, 1928

	1928	1927
Fruit	76	42
Mixed Fruit and Vegetables	146	117
Vegetables	5	8
Canned Goods	15	10
	242	177

Bulk Jonathans have also come in during the week. This makes a wide range from which to buy as far as variety is concerned and the market is somewhat weaker. There is also a considerable supply of well-packed apples from Island points. These are competing rather effectively with the upper country fruit, as the prices are somewhat lower and the fruit is attractive.

Freestone peaches are now off the market, but there is a light movement on clingstones for preserving purposes.

The arrival of Valencia oranges from Australia during the week marked an original movement, no oranges of that variety from this source being previously imported in commercial quantity.

Trading generally is normal. Movement is gradually shifting to those lines which mark the winter trading.

WHOLESALE PRICES

Apples—	2.75
Delicious, Fancy	1.85
Jonathan, Fancy	1.10
Jonathan, Household	1.10
Jonathan, bulk, 32's, \$1.00 to	1.25

BOARD OF TRADE ORGAN- IZATION FOR OKANAGAN

(Continued from page 1)

Asked by Mr. Norris what cities and towns the Associated Boards would include, Mr. Prout replied that the Vernon Board had written to Revelstoke, Enderby, Armstrong, Kelowna, Summerland, Peachland and Naramata. Revelstoke was in doubt as interests were not identical.

Kamloops In Accord

Mr. D. B. Johnstone, Kamloops, who had come to Kelowna for the purpose of attending the annual meeting of the Okanagan-Cariboo Trail Association held on Thursday morning, stated that he had heard of the proposed revival of the Associated Boards of Trade and had brought up the matter at a meeting of the Kamloops Board. Kamloops was in accord with the idea but had not been invited to attend. Their interests were becoming more and more identical with those of Vernon and Kelowna, and they would be pleased to cooperate with other towns in the valley.

Mr. A. T. Howe Urges Organization

Mr. A. T. Howe, Vernon, stressed the importance of organization, particularly when the interests of practically all towns of the valley were identical. There were local matters that could be satisfactorily dealt with by local boards, but there were also valley interests which demanded the attention of a central body. He thought that the present situation with regard to fruit growing was deplorable, and that great mistakes had been made in the most fertile spot in the country due to over-production.

Over-Production

"We have plunged into production that has brought grief, and it has never been more apparent than now," said Mr. Howe. "Our present condition is nothing short of tragic. We fruit growers have spent tremendous sums of money in producing something we can't dispose of. Thousands of tons of first-class apples have to be thrown away, and our McIntoshes this year have met with disaster. Only certain sizes were demanded by the market, and the markets have been glutted with these sizes. When a mistake has been made the wisest thing to do is to correct it. Over-production of apples, however, is an evil which cannot be corrected, due to lack of a proper organization to take care of distribution. It is not the cost of production that inflates the market price of our apple crops; it is the cost of distribution—the tremendous amount of money which goes to middlemen and which the consumer must ultimately pay."

Mixed Farming Advocated

Continuing, the speaker said that it was within the power of a valuable body to correct the mistakes already made, and that over-production could be regulated by not trying up to one product. He thought that orchardists should turn their attention to the possibilities of the pork and dairying industry, as a market existed at their very doors. Denmark, for example, had achieved remarkable success in this branch of industry—had, in fact, captured the premier position in the bacon market in Great Britain through organization and study of market requirements. What Denmark had done, British Columbia could do—and what B.C. could do could be done by the farmers of the Okanagan valley. "I have tested out dairying and hog raising and I know it pays," the speaker went on, "and, as I have one of the finest orchards in the valley, I am in a position to compare the earnings of the two industries. I can say unreservedly that because of the over-production of apples hog raising and dairying is a better paying proposition than orcharding. Diversified farming—a combin-

ation of the two—probably works out to better advantage than depending entirely upon one thing."

Comparing the Okanagan with the Fraser Valley, Mr. Howe said that the Okanagan enjoyed as many advantages for dairying as did the Fraser. Here alfalfa crops could be grown to advantage, roots have been grown up to sixty tons to the acre, and Okanagan corn could not be beat. Fodder was the foundation of the dairying industry, and the Okanagan had the foundation. The right conditions existed in this valley, but it was necessary for some one or an appointed body to take the initial steps in educational and development work. The Dominion Government had already sent representatives into the valley to promote the raising of good hogs, but an organization such as the Associated Boards of Trade could do much to stimulate interest in the industry and could help to remedy a condition which at the present time was detrimental to the fruit grower.

Enderby Editor Suggests Abolition Of Local Boards

Following a short discussion of the Dairying industry, Mr. H. M. Walker, editor of the Okanagan Commoner, Enderby, addressed the gathering. Mr. Walker said that the idea of an Associated Boards of Trade was all right, but that it had failed to work out satisfactorily in the past. This was due to indifference and lack of interest on the part of its members, and was the result of over-production. There were too many meetings to attend in both local and Associated Boards, and there were not sufficient matters of interest to be

dealt with to keep the spark of interest burning. While Enderby was ready to fall in line with any action taken by other local boards, the speaker had a suggestion to submit to the gathering, which he asked them to consider. He suggested abolition of all local boards of trade, which would be supplanted by one central board, the Associated Boards of Trade of the valley. The Associated Boards could convene in different towns of the valley at stated intervals and could handle the problems of each community with despatch.

This suggestion did not meet with approval, as it was felt generally that the local boards had their own particular interests to serve. Mr. H. F. Rees, Manager of the Royal Bank of Canada, said that he was not now on the executive of the Kelowna Board of Trade, but that he was heartily in accord with an Associated Boards of Trade. He did not think that a regular time for meeting was necessary, as this would often result in bringing together a body of men when there was no actual business to be discussed. It was necessary to keep interest alive in order to get representative attendance at meetings, and to accomplish this there must be concrete matters for discussion at every convention of the Associated Boards. He thought that local boards should not be abolished, as they had local problems to deal with.

Mr. W. S. Harris, editor of the Vernon News, reminded the gathering that it had been said there was no need for an Associated Boards of Trade until a crisis occurred. The crisis had occurred.

Further discussion dealt with the importance of the revival of the Associated Boards, in which was stressed the advantages of personal contact of members and the resulting cooperation. Mr. J. B. Knowles was glad to say that it was apparent that all were in favour of revival of the old organization, and he would like to see measures taken to reorganize as a great many vital questions were waiting to be dealt with.

Organization Meeting To Be Held At Penticton

Regret was expressed that the date had not been convenient for the Penticton Board, but this could be remedied by holding a meeting in Penticton at a date agreeable to them. Mr. Prout suggested that actual formation of the Associated Boards should take place there at a time when all towns interested in the revitalization of the old organization could be adequately represented. He expressed his willingness to call on the various local boards personally, but it was finally decided that an attempt would be made to bring all of them together at the next meeting which the Kelowna board would endeavour to arrange at Penticton.

A banquet was served at the Palace Hotel in the evening, which was attended by the visiting representatives and members of the Okanagan-Cariboo Trail Association.

Women: They never claim equal rights in the matter of reaching for the luncheon check.

A man recently discovered a button in his salad. It probably dropped off when the salad was dressing.

It is reported that many girls are getting men's salaries. We thought they always got them.

VISITOR (to village twins): "What a good idea to have labels!"
A TWIN: "It was a good idea, lady, but last week we had a little trouble and got 'em mixed. Now we don't know whether we're Sam or Willie!"—Pasing Show, London.

O. V. Pure Wool Blankets

O. V. Pure Wool Blankets
--Soft, Warm & Fleecy

No. 70.—Pure Wool Overcheck Bed Blankets, Oversized. Fine in texture and light in weight. Woven in four beautiful color combinations. No decree of fashion ever met with a more enthusiastic response from her devotees than the pronouncement for colored bed blankets to replace the White Blanket of customary use. No. 70 adds the last touch of warm color and inviting luxury to the Bedroom. Beautiful. \$7.50

O. V. Pure Wool Polar Point Blankets.—Extra heavy weight in this ever-popular blanket. Warmth, softness and durability, combined with rich colorings, make this very attractive blanket a great favorite with our tourist friends. \$15.50, \$16.50, \$17.50

Regulation White and Grey Blankets.—In addition to the No. 70 and Polar, the O. V. range includes a wide choice in the regulation pure wool White Blankets, moth proofed if required; Grey Blankets in different quantities; Regulation Point Blankets, etc., in all established sizes and weights. All O. V. Blankets are pre-shrunk to specifications and carry the manufacturer's absolute guarantee. \$10.75, \$15.25

O. V. Bed Covers

"Household Treasures of USE and BEAUTY"

The two Bed Covers, No. 20 Tadousac and D10 Delft Blue, are two popular numbers. Like all O. V. blanket shades, the colorings are fast to light and washing. The Tadousac is an adaptation of the Habitant Rug in which the native artistry and love of color of Old Quebec find expression.

We cannot give a description here of all the color combinations included in the O. V. Bed Cover range. Some of the most popular shades, however, are the following: plain blue, plain rose, camel, delft blue, mauve, blue and white check, pink and white check, rose and white check, helio and white check, tan with brown border, tan and brown check, as well as the colorful Tadousac and sunset ranges

THE CHARM OF COLOR

The exquisite colorings of O. V. Bed Covers, combined with their warmth, softness and durability, make them cherished additions to the treasures of the household. They are woven to last a lifetime. O. V. Bed Covers have many uses in addition to extra bed coverings of warmth and lightness; just right for couch, davenport, throw overs for hammocks, verandahs, sun rooms and camps.

Sizes 60 x 80, \$7.50; 70 x 84, \$8.00

Finish—whipped or bound in faille or satin.
